

# Workers Comp Recovery

*Combining today's most sophisticated resources and expert knowledge for claims recovery*

## Innovative Cost Containment

New ideas, more savings

ICC is a leading independent provider of insurance subrogation, claims recovery and cost containment solutions.

For healthcare professionals, the successful identification, pursuit and collection of funds from unrecovered workers comp files can generate significant cash flow. But it's a complex maze that demands sophisticated technology and state-specific expertise. The biggest obstacle for many companies is how to implement a subrogation process that is effective, efficient and economical.

### Recovery expertise

- Subrogation
- Overpayment
- Coordination of benefits
- Eligibility verification

### Specialized audits

- Hospital bill audits
- Contract compliance
- MD audits
- DRG validation

In addition to providing cutting-edge processes and technology, the ICC team will manage all aspects of your account professionally. Skilled account executives, financial analysts, adjusters and customer service representatives work together to deliver superior service.

- Skillful alignment of complex processes with specialized staff
- Expert account management from installation through recoveries and reporting
- Diligent recovery pursuit by accomplished adjusters and collector
